## Environmental Policy

**Aim:** This environmental policy outlines our commitment to environmental protection and the principles that guide our actions.

### Policy statements

3DPRINTUK recognizes the impact of its operations on the environment and is committed to integrating environmental considerations into all aspects of its business. We are dedicated to reducing our environmental impact and continuously improving our environmental performance. We aim to grow sustainably, ensuring that our growth does not impact future generations.

The policy is based on the following principles.

**Compliance:** 3DPRINTUK complies with all applicable environmental laws and regulations. We also aim to exceed these requirements where possible.

**Prevention of pollution:** 3DPRINTUK is committed to preventing pollution and will strive to minimize the impact of its operations on the environment. We will continually evaluate our carbon footprint to identify and reduce the environmental impact of our activities.

**Waste Minimization:** 3DPRINTUK is committed to minimizing waste and reducing the scrap rate of the manufacturing processes with the use of a strict maintenance plan.

**Procurement:** 3DPRINTUK will prioritize the procurement of environmentally friendly products and services. We will strive to minimize the environmental impact of our procurement activities and promote sustainability throughout our supply chain.

**Continuous Improvement:** 3DPRINTUK is committed to the continuous improvement of its environmental performance. We will regularly review and update our environmental policies, procedures, and work instructions to ensure their ongoing suitability, adequacy, and effectiveness.

**Communication:** 3DPRINTUK will communicate its environmental policy and its commitment to environmental protection to all employees and stakeholders.

This environmental policy constitutes our formal declaration of commitment to environmental protection and demonstrates our commitment to continuous improvement in our environmental performance.

Top management will demonstrate leadership and commitment to the EMS by ensuring that:

- The Environmental Objectives are established and compatible with this Policy and the strategic direction of the business, and that the EMS achieves its intended outcomes
- All requirements of the EMS are integrated into the organization's business processes and that all necessary resources are available.
- The importance of an effective EMS is communicated and that all members of staff are directed and supported to contribute to its effectiveness.
- All levels of management are supported to demonstrate their leadership as it applies to their areas of responsibility.

**This policy will be reviewed periodically to ensure its continued relevance and effectiveness in achieving its objectives.**
